## About us

**Olympia Electronics** was founded in **1979**.

We are active in developing innovative electronic safety and security systems, using the latest state of the art technology.

We are the leading Greek business in the electronics safety and security industry, our products are exported to 72 countries worldwide.

Olympia Electronics is one of the oldest and largest electrical & electronics manufacturers in Greece and in 1981 we started our emergency lighting manufacturing process.

In **1985** we started our fire alarm manufacturing process.

In **1986** we became the leading company in Greece within the electronic safety and security industry.

In **1989** we began exporting our products worldwide.

From **1990** to **1999** we expanded our product range to 9 sectors, while still remaining leaders in the market.

Between **1999** and **2004** we were awarded by many institutions for our successful and innovative business activities.

On February **2005** we gained EFQM (European Foundation Quality for Management) recognition.

On January of **2008** the company is awarded with the Special Honorary Recognition TUV HELLAS and on the May of the same year, with the National Recognition of Business Excellence from the Greek ministry of development.

On October of **2011** the company is awarded with the European distinction "Commitment to the Business Excellence" of EFQM from EDEE. Also it is distinguished with the "Adoption of the principles of Business Excellence".

For two consequent years, **2011** and **2012**, the company is awarded with the Business Excellence "Bronze Bee" from the BUSINESS ETHICS EXCELLENCE AWARDS EBBEN GR.

On **2014** the company is declared a National Champion of Innovation on the European Champion Awards, on the same year it is also awarded with the Silver Awards from EBEN GR.

Moreover on **2014** the company receives the First Award for Outward-Looking from the Greek Value and the First place Award of Technology – Innovation from the Greek Exports Forum.

On **2015** the company is awarded as a National Champion on the European Business Awards 2014/2015 sponsored by RSM. Also on the same year the company receives a triple distinction from Made in Greece **2015**.

In **2016**, it succeeds on passing in the 20 qualified contestants of the EUROBANK Growth Awards - GRANT THORNTON.

On **2017** is among 175 companies at the forefront of growth, according to GRANT THORNTON. In December of the same year it receives the Gold Award at GREEK EXPORTS AWARDS 2017 while at the same time it also receives the award of the Business Excellence Award and the Excellence Award for Industrial Product Award at the MADE IN GREECE 2017 awards.

On March of **2018** it is selected as one of the best European Companies in the list "Ones to Watch".

Olympia Electronics S.A. holds a dynamic presence in the top exhibitions and trade fairs like Light & Building in Frankfurt, Intersec in Dubai, IFSEC in Malaisia, SMM in Hamburg, Project Qatar, Energetab in Poland, OFSEC in Oman, Securex in Poland and lastly Belektro in Germany. Moreover with the company's participation in marine exhibitions like Posidonia in Athens, Marine Tech in Korea and Seatrade Cruise Global in Miami it hold an important role in the worldwide marine sector.

## Product manufacturing

- Emergency Lighting
- Emergency Lighting with LEDs
- Special categories of lighting (self-testing emergency luminaires, luminaires for CBS, anti-explosive type luminaires e.t.c.)
- Conventional Fire Detection Systems
- Analogue Addressable Fire Detection Systems
- Fire Detection systems for marine applications
- Gas Detection Systems
- Burglar Alarm Systems
- Addressable Nurse Call System
- Control - Warning Units
- Hotel Access Control Systems - Card Switches (RFID)
- Electronic Room Thermostats
- Electric Insect Traps (HACCP).

Emergency Lighting & Fire detection systems  
for marine applications

## Our production

Automated production facilities

Use of S.M.T. (Surface Mounted Technology by SONY)

Well trained and young employees.

## R & D

Well educated R&D staff

Capability of quick and effective new product development

Innovative oriented

Software & hardware capabilities.

## Our staff

Our staff are our real strength, they are:

Team oriented

Professional

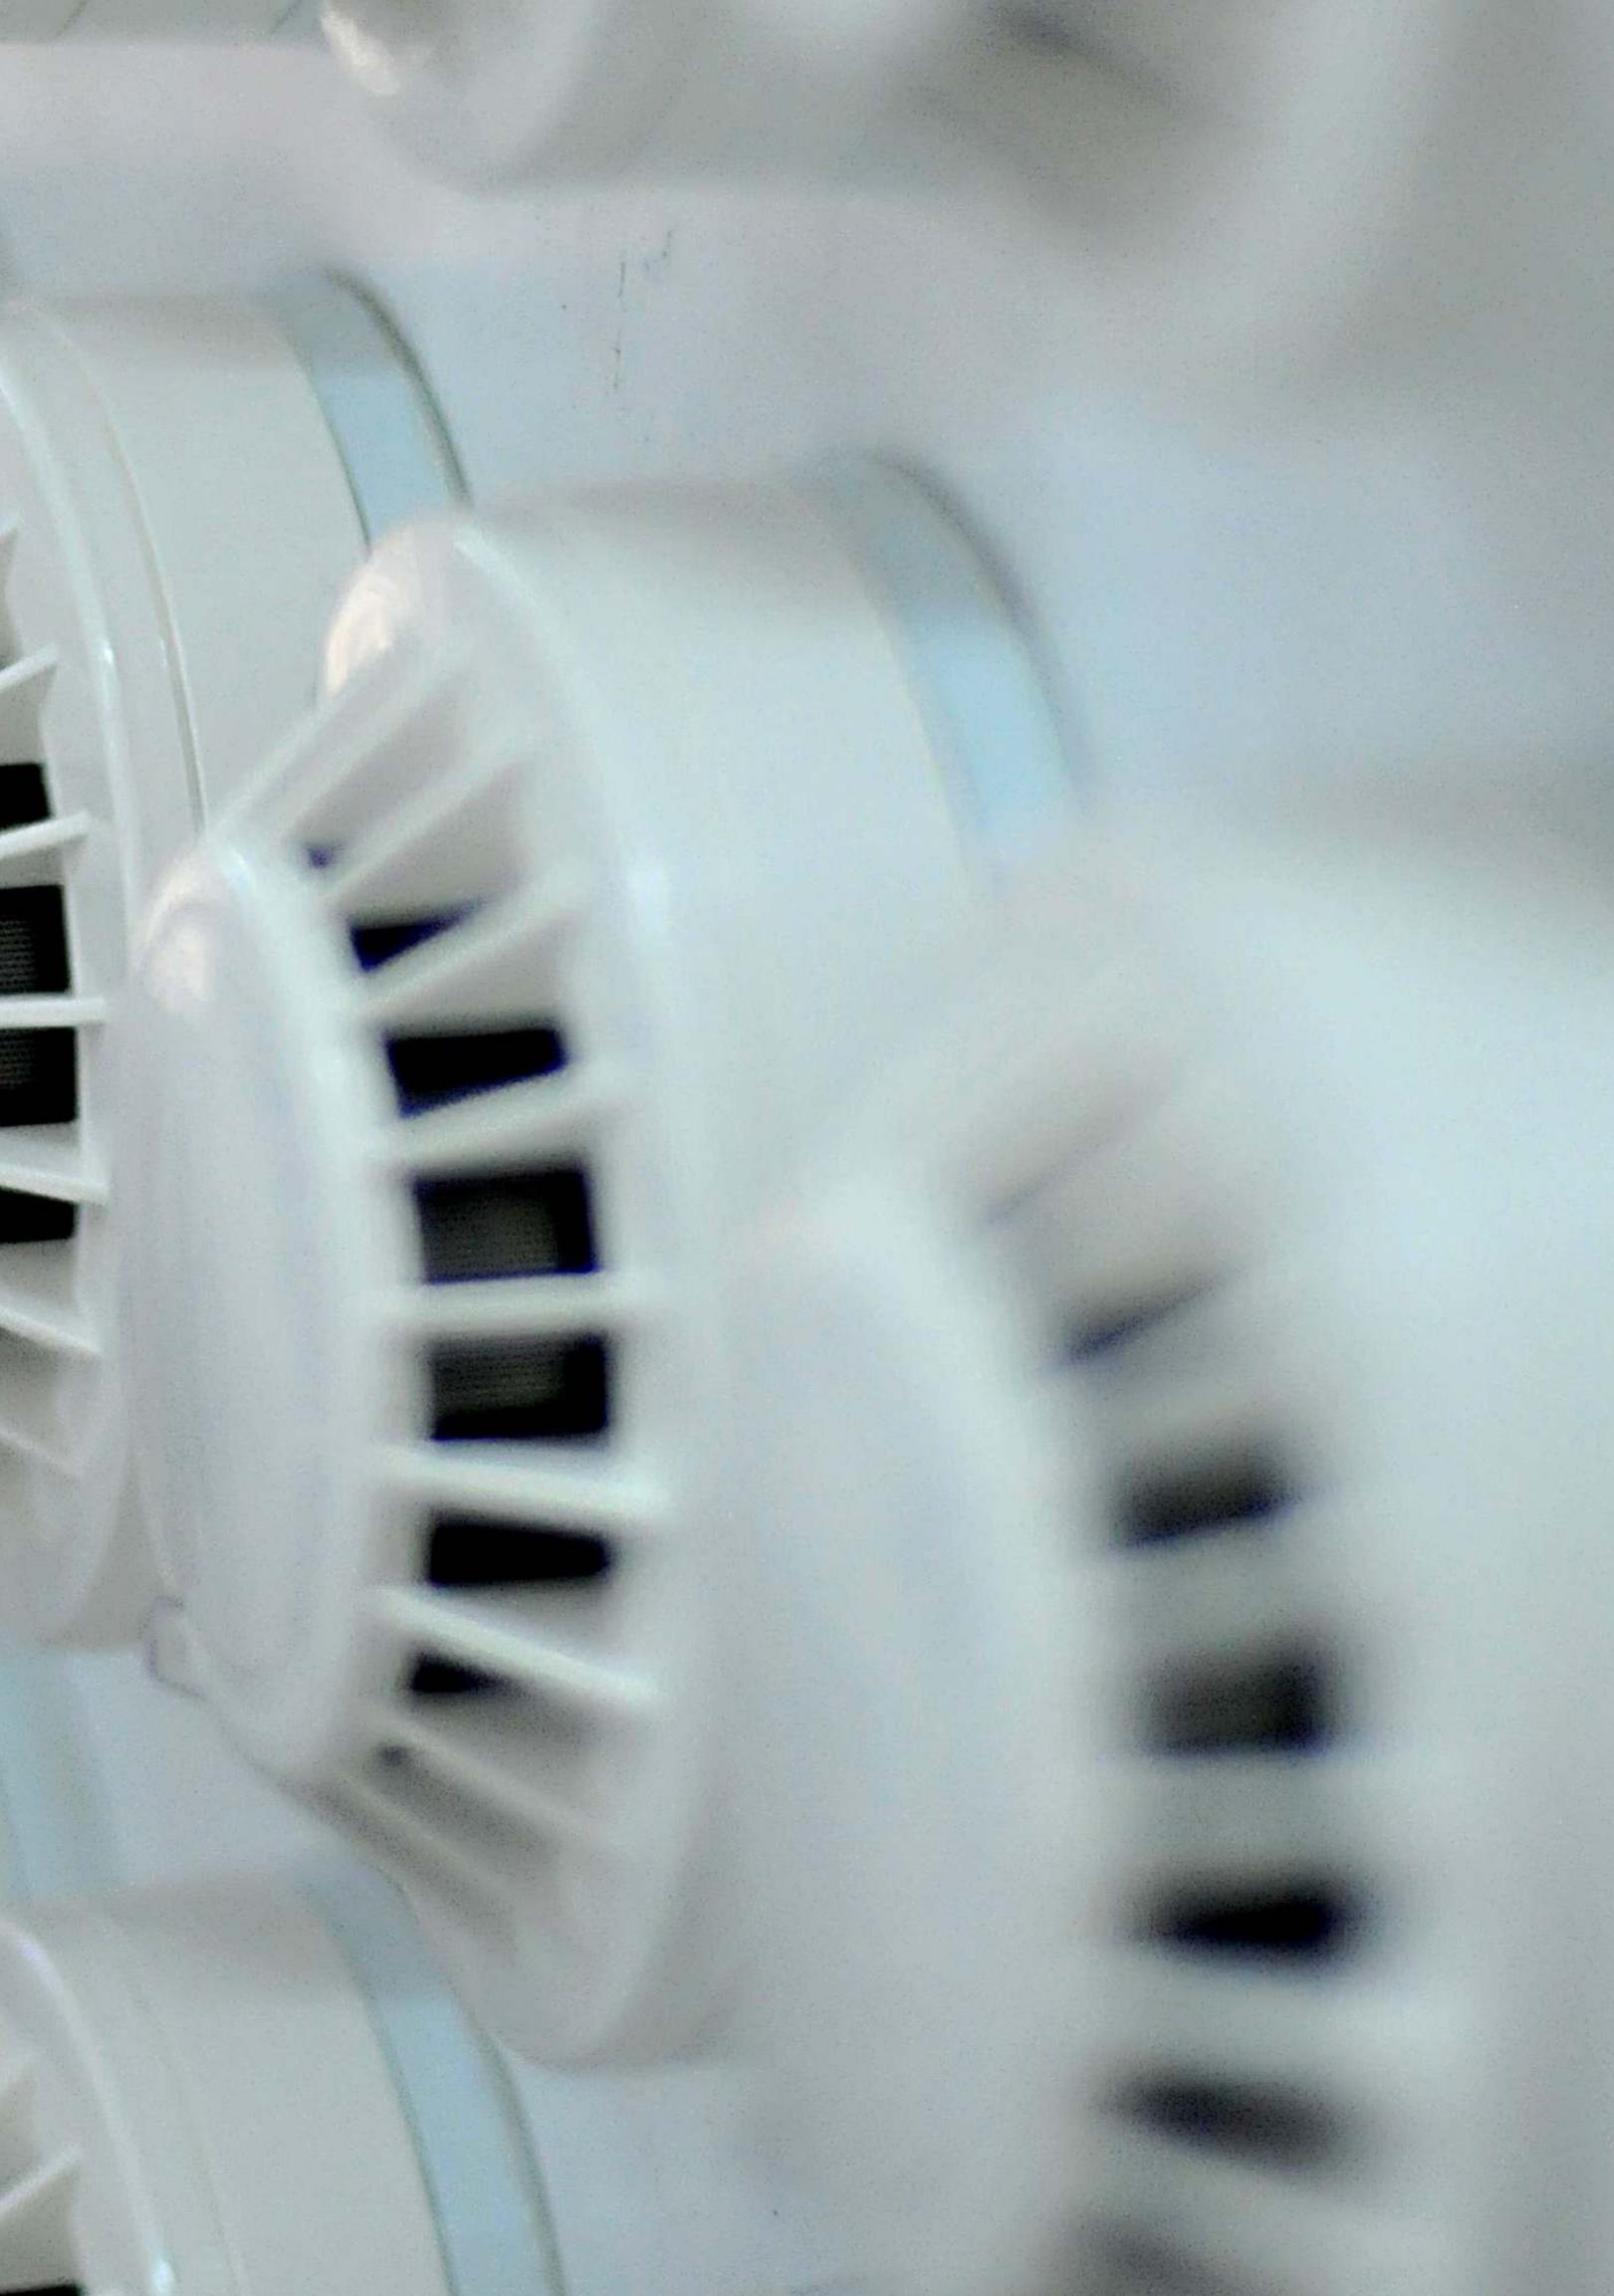

Motivated

Committed to the company's mission.
